For Stock - The highest qualifying score from the Std, Opn or

Highest score is defined as the score that will result in the highest number of MVA/MVJ points. Points will be computed as follows: Adv = Score x 1.06, Opn = Score, Std = Score, WJr = Score. Additional qualifying scores will earn 5 points each.

For Rally - The highest qualifying score from any class will be used to compute MVA/MVJ points. Highest score is defined as the score that will result in the highest number of MVA points. Points will be computed as follows: Masters = Score less 5, Exc = Score less 10, Adv = Score less 20, Novice = Score less 25. Additional qualifying scores will NOT earn any points. Please note: bitches in season are not allowed to compete in Rally, therefore not eligible for MVA/MVJ.
